3. Terms of this sale are strictly cash with payment due immediately upon receipt of invoice. Payment by check must be payable in U.S. currency only and drawn on a U.S. bank. No credit card purchases will be accepted. Title to all lots remains with consignor until paid in full.
4. Minors are expressly forbidden to bid in this sale.
5. Bidders not known to us must furnish satisfactory credit references, sufficiently in advance of the sale to allow for checking, or a deposit equal to 25% of the bids submitted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded.
6. All bids must be per lot as numbered in this catalog. No lots will be broken.
7. We reserve the right to withdraw any lot prior to the sale.

Claims to the contrary must be made in writing within three days after receipt of the lot. Any returned lot must be intact and in its original unopened holder. No lot may be returned without prior written consent. In no event may any lot be returned after thirty (30) days from the date of sale. LATE REMITTANCE FOR PURCHASES CONSTITUTES JUST CAUSE TO ABROGATE ALL RETURN PRIVILEGES FOR ANY REASON.
9. Lots that have been examined prior to the sale may not be returned for any reason other than authenticity.
10. Grading is a subjective description in the opinion of the cataloger, as to the state of preservation of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and not a grade or condition. Such terms are the opinion of the cataloger and shall be deemed to be part of the description and not an attribution. No warranty, whether expressed or implied, is made with respect to such adjectival descriptions, which can and do vary among experts.
11. Please note: Auction sales are not approval sales. You must assume the responsibility for paying for all material that is awarded to you.
12. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. Successful bidders will be awarded the lot at a nominal advance over the second highest bid. When identical bids are received, for a lot, preference is given to the first bid received. We reserve the right to refuse any bid, that we believe has not been made in good faith.
13. We can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.
14. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.
15. All photographs in this catalog are of the actual items being sold.
16. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) invoiced to successful bidders. All lots delivered in the state of California are subject to applicable sales tax. Individuals purchasing lots for resale must submit an exemption certificate, signed by the purchaser or his agent and recognized by the state of California, with their current resale certificate number or be subject to the sales tax.
17. We reserve the right to require payment in full before delivering any lot to a successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer. All lots sent to foreign countries, including Canada and Mexico, will be billed at an additional 1/2 of 1% for insurance. The minimum insurance fee is \$5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.
18. In the event a bidder fails to make remittance promptly, we reserve the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
19. If the invoice for this sale is not paid for in full, when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid in full. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other costs incurred by Ponterio & Associates, Inc. The courts of San Diego County, California shall have exclusive jurisdiction and venue over any suit initiated by Ponterio & Associates, Inc., to collect past due invoiced and the service of process by certified/registered mail, return receipt requested, shall be sufficient to confer "in personam" jurisdiction over bidder.
20. We reserve the right to postpone this sale for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event., which, in the judgement makes it inadvisable to hold the sale as scheduled.
21. Our ultimate liability for any item is the price paid.
22. By bidding in this sale, bidder personally guarantees payment; if a corporation is the bidder, the officers and/or principals of the corporation agree to personally guarantee payment.
23. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company.
24. Bidding in this sale constitutes acceptance by the bidder of all the forementioned terms and conditions of sale.
25. Please remember that the mail is sometimes very slow. Please mail your bid sheet early to be sure we receive your bids prior to the close of the sale.
26. We offer the service of limiting the total purchases of bidders. This service is available only to the bidders who wish to limit purchases of \$500 or more. To limit purchases, simply fill in the proper areas on the mail bid sheet. Bids may then be submitted for amounts up to three times the amount of your limit total figure. You may also enter your bids in an order of your preference. We will attempt to buy for you up to your limit in the order you designate. You may also select to bid on two similar lots with instructions to buy only one of them. For instance, if lot 102 and 103 were similar and you wanted only one of them, bid on both with instruction to buy only one. We will then attempt to buy for you one of the two for the lowest price.

 19. Si no se paga la factura de la subasta en total, cuando es debido, el saldo no pagado tendrá cargos de interés al porcentaje más alto permitido por ley hasta que esté pagado en su totalidad. Si el caso se remite a un abogado para cobrar, el postor acepta pagar todos los gastos de abogado, los gastos de los tribunales y otros gastos incurridos por Ponterio & Associates, Inc. Los tribunales del condado de San Diego, California tendrán jurisdicción exclusiva sobre cualquiera de las acciones iniciadas por Ponterio & Associates, Inc. para cobrar facturas no pagadas al vencimiento. La citación del juez por correo certificado u registrado y la respuesta de la solicitud escrita, serán suficientes para conferir jurisdicción "en persona" sobre el postor.
 20. Nos reservamos el derecho de posponer esta venta, por un período razonable, por el resultado de un acto de guerra, una desgracia natural o un acontecimiento importante, por lo cual, en la opinión del subastador, ejercido razonablemente, se hace inconveniente realizar la subasta como estaba prevista.
 21. Nuestra responsabilidad máxima por cualquier pieza es el precio pagado por ella.
 22. Al pujar en esta subasta, el postor personalmente garantiza el pago; si el postor es una corporación, los empleados y/o los directivos, de la corporación aceptan garantizar el pago personalmente.
 23. Todas las hojas de ofertas sometidas por correspondencia deberán ser firmadas. Las ofertas de una compañía deberán ser sometidas y firmadas por un agente autorizado de esa compañía.
 24. El solo hecho de pujar en la subasta presupone el completo acuerdo con todos los términos descritos y las condiciones de la venta.
 25. El correo es a veces muy lento. Envíe su hoja de ofertas con tiempo para asegurar la recepción de sus ofertas antes del día de la subasta.
 26. El postor puede fijar un límite total de su compra. Se le ofrece esa opción solamente al postor que limite el máximo de su compra a \$500 U.S. o más. Para fijar un límite, simplemente anote en el espacio correspondiente en su hoja de ofertas. Las ofertas entonces podrán ser sometidas por cantidades hasta un máximo de tres veces más la cantidad de su límite en total. Ud. también puede someter sus ofertas en un orden de preferencia. Intentaremos de comprarle hasta su límite y en el orden por cual nos designe. Ud. también puede pujar en dos lotes similares con la instrucción de comprar solamente uno de los dos lotes. Por ejemplo, si los lotes 102 y 103 son similares y Ud. solamente quiere uno de los dos, haga su oferta en los dos lotes con la instrucción para comprar solamente uno. Entonces nosotros intentaremos de conseguirle uno por el precio más bajo de los dos lotes.

INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

LOT	BID
#4	\$300
#22	\$450
#29	\$600
#42	\$700

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" area of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each of the lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #4 as \$300. If yours was the highest bid received, you would be the purchaser at \$300. (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

VIEWING OF LOTS

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m., October 10, 2005 through November 1, 2005 only.

Collecting Ancient Coins - A Fine and Interesting Hobby, But is it on the Endangered List in this Country?

At times it seems like ages ago and others just a short time ago when, as a young lad, I talked my father into advancing my allowance for a few weeks to buy several Roman coins; a Republican Denarius for a Dollar and several Imperial AE's for a Quarter a piece. Those were the only Roman coins I owned for quite a few years as my main interest in coins was in filling holes in my Lincoln Cent album and in spite of having many nice coins, where it was shown to friends they only seemed to notice the holes for the 1909-S, 1909-S VDB and 1922 plain. Oh, well...

I didn't become interested in collecting Roman coins until after my wife and I moved to San Diego - there were no coin shops in our part of North Dakota among other reasons - but limited my purchases to inexpensive material. Within a fairly short time, I obtained many Antoniniani and small late 3rd - 4th centuries AE3's and 4's for quite a number of Emperors, Ceasars, etc.; it was fun and affordable but also frustrating. I had a hard time keeping track of Roman coin inscriptions and in identifying Republican moneyers and the later emperors. I was complaining to a local dealer about this and he suggested that I publish such a listing.

Well, why not? So, with "Roman coins and Their Values " and "Roman Silver Coins and Their Values (Volume I)", I started compiling 2 lists, of Republican and Imperial legends, typed them with a manual typewriter and eventually had it all printed and bound into a 37 page booklet. I found it wasn't as useful as I thought and a friend suggested I add Greek legends of Roman Provincial coins. So, with an IBM Selectric typewriter and a Greek "ball", expanded my project and twice more after that.

I needed to learn more about ancient and world coins and foreign paper money but few references could be checked out of libraries so I gradually purchased sets of ancient coin references in Kolbe auctions. I kept these books quite a while for attribution work but finally sold the BMC Greek, R.I.C. and others through a Kolbe sale.

Collecting and/or studying ancient coins can be inexpensive or costly, intriguing or tedious, but, if you have an interest in ancient history particularly, these trade items directly relate to your field of interest. For many years only two major factors kept us from many ancient coins - scarcity and cost. Obviously, very inexpensive coins are much more common than high priced items - this applies to people with very limited budgets as well as those with substantial funds to pursue numerous rarities; something was always available.

This may well change. More than a few countries, such as Greece, Italy and Turkey, in the name of preserving their national heritages, have laws restricting the exportation of ancient coins, whether that coin was minted within the borders of that land or not. I found it difficult to see how Turkey considers a Roman Republican Denarius minted in Rome but found in Turkey as part of the national heritage of Turkey. For some time, to most collectors this has been an inconvenience, to dealers and advanced or major collectors these policies are often serious barriers. What's next?

In recent years, while the Taliban was in the process of destroying UNESCO statuary and other treasures of all sorts in that country, and in Iraq, immediately after the ouster of Sadam Hussein with the supposed looting of the major museums in Baghdad, other museums and archaeological groups have condemned the private ownership of antiquities and coins as a primary cause of the above mentioned lootings and destruction. The idea that any entity other than a museum or other scholarly organization should have access to these "valuable treasures", notably collectors and dealers, is constantly condemned for being responsible directly or indirectly with damage to archaeological sites in search of such materials.

So, just how do these disputes really affect us? On 3 different occasions in 2004 bills were introduced in the United States Congress to restrict the importation of cultural property from Iraq; two failed but the third was a rider on a passed bill; details are being worked out in committees at this time. All this when it turns out that there was only minor loss of material from museums and the vast majority of artifacts were safely stored in museum vaults. On February 17, 2005, the People's Republic of China petitioned the Cultural Property Advisory Committee (CPAC) to prohibit importation of Chinese cultural property, including coins, into the United States; according to one report, coins would cover all those issued prior to 1911 - CPAC has not announced a decision yet.

What is being done to counteract the misleading information being bandied around the halls of Congress and with the varied committees which make policy recommendations? Many individuals and professional organizations have contacted their representatives in Congress by mail, email, telephone or in person and appeared before various committees of Congress, with some success as can be noted above, but more needs to be done.

Of the numerous numismatic organizations which have actively fought against the anti-collector views of the academic and archaeological organizations, a fairly new one is making a good impression - the Ancient Coin Collectors Guild - ACCG for short, founded little more than a year ago, is led by its founder and Executive Director, Wayne Sayles, former longtime owner/publisher of the "Celator" magazine and the author of several fine numismatic books. This is a small non-profit organization with more than 400 paid individual members and basically no paid help; volunteers and members of the Board of Directors take on a wide range of tasks. Some of their major activities, in addition to appearing before legislative committees and talking to individual representatives, they have a frequently-updated website, www.accg.us, an International Affairs Committee which compiles and archives information on foreign import/export laws, UNESCO and similar organizations meetings which might restrict coin importation, give presentations at major regional coin shows and among many other things, established a scholarship for a youth to attend the ANA summer Seminar; the 18 year old winner for this year is working on a children's book "The Amazing Roman Journey; The Travels of a Roman Coin". If interested in ancient or foreign coins, you should join ACCG.

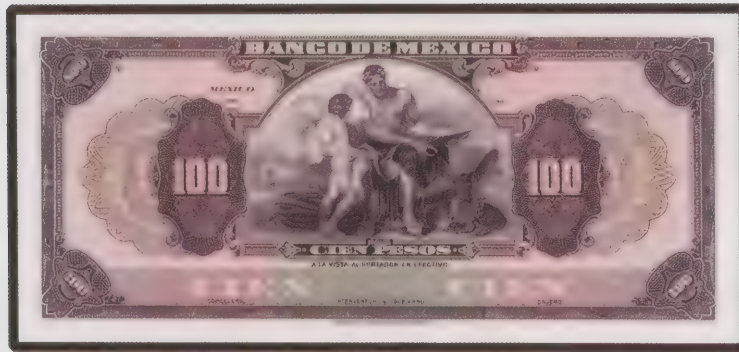

Why should someone join the Ancient Coin Collecting Guild? This organization is dedicated to preserving the rights of citizens to buy, sell, trade and/or keep ancient coins or, in reference to the desires of the People's Republic of China, any Chinese coin minted prior to the establishment of the Republic in 1911. The organization is doing a very good job and the more assistance received from members the more can be accomplished; "The Guild in Review" is a periodic publication sent to all members which gives updates on hearings, pending legislation, coin collector activities, etc. Individual memberships are available at \$35 per year and for what I see this organization has accomplished in just one year of existence, it's worth doing.

For more information about the ACCG, please contact Wayne Sayles by mail at P.O. Box 911, Gainesville, MO 65655, by email at director@accg.us or by telephone at (417) 679-2142.

Happy hunting!
